## Overview

AMS Virtual Classroom<sup>SM</sup> events are a convenient way to experience direct interaction with a senior consultant without the costs associated with travel to off-site locations and public training venues. This convenient method of attending training is cost effective while still offering all of the benefits of face-to-face delivery.

AMS has created best practices for delivering virtual training that will set the industry standard through our "bring the classroom on-line" approach, affording participants the ability to interact with the presenter and even network with other students. Through the combination of live blogs, controlled VoIP and live audio/video webcasting within the training portal, we are able to effectively simulate the classroom learning experience.

## Benefits to AMS Virtual Classroom<sup>SM</sup>:

- User friendly interface, powered by the award winning Microsoft Live Meeting<sup>TM</sup> technology
- Various delivery lengths, price points and schedules allowing for total participant control (see below)
- At your desk convenience reduces travel cost and down time
