

# Best Practice

**Service:** Training  
**Solution Suite:** Training Programs  
**Best Practice:** On-Site Training

[Program Catalogs>](#)

## Overview

AMS On-Site Training events offer businesses the ability to choose from our entire catalog of training programs and then customize the delivery to meet all of their industry vertical needs.

AMS prides itself on the quality of our facilitators and depth of material. All programs are interactive, experience based and will render immediately usable skill enhancements, methods and best practices.

Some of the benefits of scheduling an AMS On-Site Training event include:

- Scheduling flexibility to accommodate participant and group schedules
- Baseline pre-class competencies and post program [measurements](#)
- AMS will [host](#) a client portal to track registrations, completions and associated accreditations
- Highly [experienced](#) and trained team of Sr. Consultant facilitators to ensure quality
- Offering the full inventory of [AMS programs](#)
- Detailed desk reference quality materials
- [Customization](#) options via a best practice development methodology
- Programs offering industry and academic [accreditation](#)
- Standardized facilitation methodology to enhance the transfer of knowledge
- Per day not per head pricing packages to accommodate volume and large groups

For more information regarding any of our programs please [contact](#) an AMS Business Development Manager.
