

Course Description

Capital Asset Planning and Exhibit 300 AMS259

Overview

This course will provide participants with a working knowledge of the President's Management Agenda and how it is being implemented using the Exhibit 300 and OMB's related directives.

Learning Objectives

- Interpret the OMB guidance for completing A-11 circular Exhibits 300 and 53
- Meet federal legislation requirements
- Analyze and apply appropriate investment decision models
- Meet and fulfill scoring criteria
- Apply cost benefit and EV analysis
- Identify risks

Format

This course is highly interactive and how-to oriented. Discussion of concepts and principles is followed by hands-on exercises. The emphasis is on the practical application and adaptation of selected tools and processes.

Duration

Three days

Who Should Attend

Government personnel would benefit by taking this course
